Developing Future Leaders

BACKGROUND

SNC Training Institute (Pty) Ltd was founded on the 6th of August 2019, by Mr Nhlamulo Christopher Shirinda a well-established entrepreneur with a vast background in Project Management.

According to the Director and Founder "SNC Training Institute's vision is to fill the training gap required to ensure our students are given a competitive advantage in the rapidly changing world".

The Director comes from the deep rural area of Mavambe Village in the Limpopo Province, therefore in true alignment with his lived experiences with an understanding of the gaps in skills development and training in the rural areas, it has always been part of the institution's mission and vision to capacitate the underdeveloped and underprivileged communities while giving them access to opportunities.

SNC Training Institute is a well-established learning institution built on the idea of teaching and developing minds through skills development training and knowledge sharing. The institution offers a wide range of learning programmes across various industries with a professional team of Facilitators uniquely placed to serve according to their areas of expertise and the institutions accredited programmes.

The institution aligns its activities in support of the National Skills Development Plan that seeks to ensure that South Africa has adequate, appropriate, and high quality skills that contribute towards economic growth, employment creation and social development.

The learning material used for facilitating each programme are compiled by registered industry experts in order to ensure compliance with SAQA standards and the National Qualifications Framework.

SNC Training Institute prides itself on the quality delivery of skills development programmes and the accessibility of each staff for ease of communicative and active learning. The range of services offered are accommodative and each programme is specially designed to meet the end-users needs.
